ONLINE RESUME BUILDER

A Resume builder is a software developed to simplify the task of creating a resume for individuals. The application provides an effective means of designing desired resume in fact a professional looking resume.

This project is user-friendly and requires minimum human intervention. Individuals just must fill up a form that specifies questions from all required fields such as personal questions, educational, qualities, interest, skills and so on. The answers provided by the users are stored and the system automatically generates a well-structured resume. Users have option to create resume in any format and file.

Features:

Admin Login: Admin is the one who administers the system and input updates.

User Login: Users must create an account into the system by registering themselves. Then they may login into the system and can utilize services.

Resume Templates: The system contains various kinds of resume templates for all kind of qualifications i.e., both fresher and experienced. And, according to the kind of degree one has.

Resume Form: Users on selecting the format will be given an online form to be filled. The form includes questions like academics, personal, interests, hobbies, skills, courses, experience and so on.

Resume Builder: On submitting the form the system stores the data and within a short period of time generates resume in selected format.

Download Options: Once the resume is complete, students can easily download it in various formats, such as PDF or Word, making it ready for submission to potential employers.

Export Facility: Users can even export the file from word to pdf or vice-versa.

Advantages:

- **Time-Efficiency:** Resume builders streamline the process, saving students valuable time that can be better spent on job searching and interview preparation.
- Provides instant resume to individuals.
- There are choices available for resume format for users as per their qualification and requirements.
- Reduces tedious work in thinking and creating resume and is convenient for users.
